SUBJECT: BLUE LANTERN LEVEL 3: PRE-LICENSE END-USE CHECK
ON LICENSE 050189204

REF: 2006 BLUE LANTERN GUIDEBOOK

11. This is an Action Request. See paragraphs 2-4.

12. The Department's Office of Defense Trade Controls Compliance (PM/DTCC) requests Post's assistance in conducting a pre-license check on license 050189204 for the export of International Traffic in Arms (ITAR)-controlled AH-1 helicopter parts to Taiwan. Post is requested to complete this Blue Lantern inquiry within 30 days. Lack of response to a Blue Lantern inquiry will affect pending and future licenses involving parties to this license.

13. Reason for request: Unfamiliar consignee, Gao Jun Co. Ltd; commodities are parts sought by proscribed entities; no documentation from foreign end-user, Taiwan Land Force (TLF).

14. ACTION: The Department requests that Post confirm that the TLF ordered the items listed for the purpose stated on the license application. In addition, the Department requests that Post make inquiries with appropriate officials to establish the bona fides of Gao Jun in the transaction and conduct a site visit to assess the company's reliability as recipients of United States Munitions List (USML) articles as well as an assessment of the company's on-site security and operations. If a site visit is not possible, please inform the PM/DTCC case officer.

The following points are included for guidance:

--Can Gao Jun provide documentation that verifies the end-use of the helicopter parts, such as a contract or purchase order?

--When was Gao Jun established and who are its principals?

--What is the nature of the company's businesses -- what type of items do they handle? Does the company serve as a broker?

--What type of organizations are among its typical customers and where are they located?

--Does the company understand the restrictions on USML items, especially the prohibition against unauthorized re-transfer and re-export?

END ACTION.
